Document Reference	Wording Version	Hutch Annual Construction Policy Reference changed to HAC4
Wording Update	Updated War and Cyber Operation exclusion	War and Cyber Operation exclusion  Notwithstanding any provision to the contrary in this Policy, this Policy does not cover that part of any loss, damage, liability, cost, or expense, of any kind (together "loss"):
		1. directly or indirectly arising from a War, and/or
		2. arising from a Cyber Operation that is carried out as part of a War. or the immediate preparation for a War, and/or
		3. arising from a Cyber Operation that causes a State to become an Impacted State. This paragraph 3 shall not apply to the direct or indirect effect of a Cyber Operation on a Computer System used by the Insured or its third-party service providers that is not physically located in an Impacted State but is affected by a Cyber Operation.
		Attribution of a Cyber Operation to a State Notwithstanding the Insurer's burden of proof, which shall remain unchanged by this clause, in determining attribution of a Cyber Operation to a State, the Insured and Insurer will consider such objectively reasonable evidence that is available to them. Further to any legally permissible evidence, this may include formal or official attribution by the government of the State in which the Computer System affected by the Cyber Operation is physically located to another State or those acting at its direction or under its control. For the purposes of this War and Cyber Operation exclusion: Computer System means
		any computer, hardware, software, communications system, electronic device (including but not limited to, smart phone, laptop, tablet, wearable device), server, cloud infrastructure or microcontroller including any similar system or any configuration of the aforementioned and including any associated input, output, data storage device, networking equipment or back up facility. If there is any inconsistency between definitions of computer system in this exclusion and the Policy, the definition in the Policy shall apply.  Cyber Operation means the use of a Computer System by, at the direction of, or under the control of a State to disrupt, deny,

<u></u>	T
	Essential Service means
	a service that is essential for the maintenance of
	vital functions of a State including, but not limited to, financial institutions and associated financial
	market infrastructure, health services or utility
	services.
	Impacted State means
	any State where a Cyber Operation has had a major
	detrimental impact on:
	1. the functioning of that State due to disruption to
	the availability, integrity or delivery of an
	Essential Service in that State, and/or
	2. the security or defence of that State.
	State means
	a sovereign state.
	<b>War</b> means
	armed conflict involving physical force:
	1. by a State against another State, or
	2. as part of a civil war, rebellion, revolution,
	insurrection, military or usurped power, whether
	War be declared or not.
